Horizons at Notre Dame is officially in session! Horizons is a community centered program proven to close the opportunity gap for children from low-income families. Horizons students acquire a joy of learning, the skills for success and the inspiration to imagine and achieve their dreams. It's not only the Horizons students that grow, however! Horizons has already had an impact on our Lancer community. ND Students volunteer at Horizons throughout the summer, supporting the teachers and the students. Horizons at Notre Dame's Site Director is **Frank Skawinski**, a History teacher at the school.

Best wishes to **Maris Bogan**, ND's Learning Center Director, as she embarks on retirement! Maris has been at Notre Dame for eight years, working closely with students requiring accommodations and providing support for them to be academically successful. She has been an asset to our community and will be missed!

Congratulations to **John Johnson**, Notre Dame's new Athletic Director! John has been our Head Football Coach for the past four years, a role he will continue as he takes on leadership of the Athletic Department. We look forward to John's guidance as he supports our student-athletes moving forward!

Notre Dame wishes a fond farewell to **Josh St. Onge**. After 15 years in the Theology Department, he is off to a new adventure at the Knights of Columbus. We are grateful to Josh for his commitment to the school, the arts program and ND service programs over the years. He will be missed.
