Dusty Dude Woodworks is a small business based out of Bristol, CT. We love to help when someone is looking for handmade furniture, custom pieces for their home or a gift that is made with love for a family member, friend, loved one or co-worker. Instead of someone going to a big box store where a customer is just a number, we provide a full personalized experience and a high quality piece that is custom and one of a kind. We pride ourselves on creating pieces knowing that memories will be made with each one and that it will be passed down from generation to generation. We work with customers to get their vision down on paper, providing updates throughout the process therefore creating a memorable experience from beginning to end.

Best,  
Eric & Care  
The Dusty Dude Woodworks Team | Bristol, CT
