After ND, **Virginia (Ginny) Day '61** decided to pursue a career in nursing. After spending many years as an educator and administrator, she felt another calling. She returned to the classroom and earned her Master of Divinity degree from Union Theological Seminary and went on to obtain the Clinical Pastoral Education credits necessary to become a certified Catholic Chaplain. She works as a System Chaplain at Northwell Health in New York where her primary role had been to minister to hospice and palliative care patients. However, with the Covid-19 crisis, she has shifted roles and is currently working to support the needs of the Northwell health care workers. It is wonderful to see our alumni living out the Lancer mission!
