

LANCER PRIDE

The students of Horizons Notre Dame continue to bring joy to our quiet building this summer! In addition to their regular lessons, they have been busy with weekly field trips and daily swimming at a local YMCA. Notre Dame is very proud to continue to be a part of the Horizons program and especially proud of all of our student volunteers!

Father Peter Cipriani, previous ND Chaplain and current board member, has been appointed as the newest Chaplain of the Fairfield Police Department. His commitment to serving the Fairfield Community continues to be an inspiration for us all. Congratulations, Father Peter!

ND Alumni, Lieutenant **Michael Paris '01**, was there to welcome Father Peter into his new position.

Twelve students from Notre Dame's Distinguished Scholars Program recently spent two weeks studying at Brasenose College, an Oxford College in operation since the early 1500s. The students were accompanied by Notre Dame's Academic Dean, Dr. Callaghan. While abroad, students took courses in Architecture, Business Management, Economics, Literature and Philosophy, International Law and Relations, History of Art, Medicine and more. Notre Dame's Distinguished Scholars Program is an application based program. Students apply and participate in an interview as 8th graders. If accepted, students agree to remain in High Honors courses all four years of school. Additionally, DSP students take a year of Latin and have the opportunity to learn 1:1 from an ND teacher for a semester. Rising juniors and seniors in DSP are eligible to study at Oxford.
