Lemongrass Spa has swiftly grown and expanded its offerings to a comprehensive collection of beauty and skincare products, as well as a strong community that is the #LEMONGRASSTRIBE. Sharing a passion for clean living, natural beauty and self-care all while giving back to the communities in which we live is an opportunity we're all incredibly grateful to have. Our products are gluten free, fragrance free, cruelty free, vegan, handcrafted, organic and made in the USA.
