**Testimonials:**

“The CMC Leadership Summit was incredibly beneficial to my professional growth! I gained the confidence to build my team to success. The greatest asset that I will continue to carry from this class and beyond is the knowledge that there are many, many dedicated members of my community who work to make this community better. I am so proud to call Summit County my home.” *Grant McKay, Recreation Programs Manager for the Town of Frisco*

“The CMC Leadership Summit was a wonderful opportunity to connect with our community. The program attracts a lot of great participants and panelists and gives you the opportunity to hear, learn and reflect. I really appreciate the time away from the day to day to reflect and think deeply about the journey, both as a leader and a community member.” *Robin Dew, Controller for Breckenridge Grand Vacations*
