Guaranteed Insurability Rider (AccumUL Answers, Income Advantage IUL, Life Protection Advantage IUL & IULE)

This rider provides the insured the option to periodically increase the specified amount without additional underwriting. A specified amount increase between \$10,000 and \$50,000 may be elected at the time of issue and will remain constant for each election. Only one specified amount increase is allowed each year. The increase in the specified amount may be elected 90 days following: (a) marriage of the insured; (b) the birth of the insured's child; (c) the adoption of the

insured's child; and (d) the 3rd policy anniversary and every three years thereafter until the rider expires. The ability to increase the specified amount under item (d) will terminate if a specified amount increase is not exercised for five consecutive years. No increase will be allowed under this rider if the increase would cause the current specified amount to exceed 200 percent of the initial specified amount or \$1,000,000 (whichever is less). Any change in specified amount will affect the monthly no-lapse protection value test for the no-lapse protection. This means that the no-lapse protection may not be in effect if the specified amount is increased and additional premiums are not paid. This rider will terminate on the earliest of the following: (a) the policy anniversary date following the insured's 50th birthday; (b) the date the current specified amount is double the amount of the insured's initial specified amount; (c) the date the insured's current specified amount reaches \$1,000,000; or (d) the date the policy ends.

Guaranteed Insurability Rider (CWL)

While the policy is in force, the owner will have the option to buy an additional policy on the life of the insured on each of the option dates:

(a) the policy anniversary dates following the insured's 25th, 30th, 35th and 40th birthdays; (b) the insured's marriage, domestic partnership, civil union, or equivalent relationship; (c) the insured's birth or adoption of a child; and (d) the purchase of a home. A maximum of five option date elections are allowed to be exercised. You must make an election within six months of the option date. No evidence of insurability is needed. At least 60 days before each option date based on age, we will send you a reminder. For options based upon marriage, birth or adoption of a child, or purchasing a house, you must give us notice. If the owner dies before a purchase option date, any additional benefits which have been applied for will not take effect and any premium paid will be refunded as required.

Guaranteed Refund Option (Income Advantage IUL, Life Protection Advantage IUL) (Available on Unisex policies)

Enhanced Surrender Value Rider: This rider provides a refund of premiums paid upon a full surrender of the policy during a 60-day period following the 15th and 20th through 25th policy anniversary.

- Year 15 = 50 percent of the accumulated premium paid
- Years 20, 21, 22, 23, 24 & 25 = 100 percent of the accumulated premium paid

The refund of premiums paid will not exceed 80 percent of the policy's lowest specified amount and is reduced by any previous withdrawals and outstanding loans. Minimum premium requirements must be maintained to keep the rider in force. If not executed, the rider terminates at the end of the 60-day period following the 25th policy anniversary.

For Life Protection Advantage, the GRO rider is not available for clients age 60 or above (regardless of risk class), for substandard or tobacco cases under age 50 or for substandard tables 5-16 at ages 50 and above. For Income Advantage, the GRO rider is not available for substandard or tobacco cases under age 50 or for substandard tables 5-16 at ages 50 and above.

Lapse GuardSM Rider (AccumUL Answers, Income Advantage IUL, Life Protection Advantage IUL & IULE) (Available on Unisex policies)

This is automatically attached to all issued policies with issue ages less than 76. The Lapse Guard rider is specifically designed to prevent policies from lapsing that have been over-funded and have had level disbursements taken for an extended period of time in retirement. Because exercise of this rider keeps the policy from lapsing, no policy loans will become taxable as income under current tax law. When the Lapse Guard rider is exercised, the accumulation value is reduced by 3 percent.

Living Benefit Riders

Refer to the definition of Accelerated Death Benefit Riders for IULE & TLE Non-ROP.

Long-Term Care Rider (Income Advantage IUL & Life Protection Advantage IUL)

This rider allows the policyowner to access all or a portion of the death benefit early to be reimbursed for covered long-term care services. The LTC Rider monthly acceleration percentage and benefit limit are chosen at issue and are multiplied together to determine the maximum monthly benefit.

The monthly acceleration percentage can be either 1 percent, 2 percent or 4 percent. The LTC Rider benefit limit can be up to 100 percent of the initial specified face amount for the life insurance policy and is subject to the following limits:

- Minimum benefit limit: No less than \$150,000 for the 1 percent option and \$100,000 for the 2 percent and 4 percent option
- Maximum benefit limit: No more than \$2 million for the 1 percent and 2 percent options and \$1.25 million for the 4 percent option

The LTC Rider is only available to issue ages 30-79. The insured must be a Table 4 or better and have no flat extra ratings on their base life insurance policy to be eligible for LTC Rider coverage. The LTC Rider is underwritten separate from the life insurance policy. If the client does not qualify for the LTC Rider, the policy will be issued with the Chronic Illness Rider.

Other Insured Rider (TLA only)

This term life insurance rider provides coverage for an Other Insured, which is any one person other than the Primary Insured. The premium, term duration and issue limits are the same as the Term Life policy based on the age and face amount of the Other Insured, but with no additional policy fee. Full underwriting is required.

Residential Damage Waiver of Premium Rider (TLE only)

If the primary residence sustains \$25,000 or more of damage, this rider allows the premium for the base policy and all riders to be waived for one six-month period.

Waiver of Premium due to Death of Owner (CWL)

The premiums for this policy and all riders attached to it will be waived for one

90-day period if the owner dies while the policy is in force. When the proof of the owner's death is received the waiver will begin on the owner's day of death. This is a one-time benefit. This benefit is available 24 months after the policy issue date. Premiums waived under this provision will not be deducted from the death benefit.

Waiver of Premium for Unemployment Rider (TLA & TLE only)

This has a six-month benefit period, waiving premiums for the base plan and all riders if the insured becomes unemployed. The base plan must be in force for 24 months before unemployment begins. The elimination period is four continuous weeks of unemployment when the insured is receiving state or federal unemployment benefits. Proof of unemployment is required at the time of claim. This is a one-time waiver.
