

The Arc-Dane County 32nd Annual Fruit Sale January 1 thru 27, 2017

Once again The Arc is offering large and small boxes of oranges and grapefruit, as well as small boxes of mixed fruit (half oranges and half grapefruit). They are sweet California Navel Oranges and fresh Florida Indian River Red Grapefruit — get ready to sink your teeth into some of the best tasting, healthiest fruit you'll find anywhere! You help support three very worthwhile causes:

- ☉ **The Arc** — to help us to continue our support of people with disabilities and their families.
- ☉ **Second Harvest Food Bank** — to benefit families in need of nutritious food.
- ☉ **Community Action Coalition (CAC)** — to benefit the Dane County Food Pantry Network.

Second Harvest and CAC receive donations of food from many sources, but very little fresh fruit. As a result of your past contributions, we have given over 21 tons of fresh fruit to the food banks.

Pickup Information

Please pick up your fruit on Saturday, March 4, between 9 a.m. and noon at all locations shown at right (except Culver's and Fitchburg). Fruit not picked up will be delivered to CAC and Second Harvest.

(Note: if you live in Madison and require home delivery, your fruit can be delivered to your door for a charge of \$5.00.)

About The Arc

The Arc-Dane County provides leadership for the advocacy necessary to assure that social service and educational programs for people with intellectual and developmental disabilities are sufficiently funded and remain relevant to changing needs. The Arc supports programs to mentor new parents of children with disabilities and was a founding partner in the development of an educational system designed to integrate students with disabilities in Dane County schools. Outreach activities help parents prepare for transitions and plan for the life-long needs of their children. The Arc-Dane County sponsors three social events and a Community Awards Banquet to build relationships and understanding throughout the county. The programs of the Arc-Dane County nurture a supportive environment and turn challenges into opportunities.

We inform our members and others about vital issues that might affect access to education, training, employment or social opportunities.

We create important opportunities for families and others involved in the lives of people with disabilities to learn from and help each other.
