How Do the District's Placements Compare to the Benchmarks?

Spring Placement Distribution for District and Benchmarks

i-Ready Spring 18-19 National Norms are based on a nationally representative sample that reflects the makeup of the US student population along key demographic characteristics.

The National Spring 21-22 year-to-date population includes 8,176,090 students who completed a Diagnostic from March 2 to June 28. This data may not be representative of the student population.
