Bill Number: CB-004-2025

Name of Bill: An Act Concerning Utility Trailor Parking Restrictions

Sponsors: Olson

Bill Type: Council Bill

Status: On January 28, 2025, the bill was discussed in the full County Council and referred to the Transportation, Infrastructure, Energy and Environment Committee.

Bill Overview: This bill will establish a defining utility trailer and establish parking restrictions for such trailers; requiring the display of information identifying the trailer's owner or rightful possessor; setting penalties for violating these parking restrictions; and excepting certain vehicles from these parking restrictions.

Rationale for the Bill: The objective of CB-004-2025 is to establish rules for parking utility trailers on roadways throughout the County. Utility trailers can create hazardous or nuisance conditions when left unattended for long periods of time.

Impact to D4: This bill will affect District 4 and the overall County, in terms of the legislation prohibiting overnight parking of utility trailers and restricts daytime parking to four hours, with certain exceptions. Violators of these parking regulations will be subject to daily fines, and vehicles may be towed and impounded.
