How to Make Your Tubing Reservations

ARE YOU planning on tubing/rafting down the mighty Muskegon river with us on Sunday, July 13th? Then this article is for you! We are doing things differently this year so please read these directions carefully. You are able to make your own reservations this year with Wisner Rents Canoes, cutting out the middle man. It seemed to work pretty well last year, and everyone got the equipment they wanted.

You can make the reservation by either calling them at 231-652-6743 or visiting www.wisnercanoes.com. When calling, tell them you want July 13th at 11 a.m. for your reservation time and that you are with UCG. You also want the 4.5-hour trip Thornapple to Newaygo. Then you can tell them what equipment you would like and then pay for it over the phone. You can also make a reservation on-line, www.wisnercanoes.com, and clicking on the “Book Your Trip” button. From there you will click on the “Thornapple to Newaygo Tube/Raft” trip button.

Once on the reservation page, you will see a calendar on the right-hand side of the screen. Select July 13th. It will bring you to a screen to pick what time. Pick the 11 a.m. time slot. If it says it’s full, then pick 10:30 time slot and so on. Our reservation will still be at 11 a.m.! It just gives us more options to be able to book on-line this way. Once you click on your time, it will take you to what equipment you want. Select the tubes or rafts that you would like. Wisner's wanted you all to know that they are limited on how many rafts they have available. They do not have any 2-person rafts anymore, so if you pick a 2-person raft, you will be getting a 3-or-4-person raft to ride down the river, so if you can find people to partner up with and use the raft to full capacity, it would be helpful and gives us all the opportunity to get a raft. You can most certainly still reserve a 2-person raft and pay for a 2-person raft, but you will be getting a 3-or-4 person raft. Once you pick the equipment you want, you’ll scroll down to a total, using Google Pay or a debit or credit card.

PLEASE NOTE: when filling in the “contact” info under name, put your full name followed by -UCG. For example, if I were filling in my contact name it would be Christina Morris-UCG. They asked us to include UCG at the end of our name so that it keeps our group reservation together.

If you have any trouble with the on-line format, call to make your reservation at 231-652-6743. I would suggest getting your reservations in ASAP since we are a raft-loving group and they have a limited number of rafts. Let me know if you have any questions. We're looking forward to another fun trip down the mighty Muskegon River with you!
