

Youth dropping off procedures

Every Sunday parents and students will follow a drive-thru as seen in the pictures below. As everyone enters the parking lot they'll see a sign with check-in procedures: check for the wellness check, youth covenant, and temperature check before getting out of the car.

If a student that's driving shows up that doesn't have the covenant signed by parents then Kaitlyn will send the covenant in an email to be signed and sent back.

If a student shows up with either a temperature higher than 99F or answers a question on the wellness check that shows red flags they will be asked to go home upon arrival.

All students of driving age will still go through the check-in process then go park their car.
