

WALTHAM SENIOR CIVIC ACADEMY (WSCA)

Thanks to the generous funding from Tufts Health Plan and AARP Foundations, Waltham Connections for Healthy Aging is offering a Senior Civic Academy at no cost to Waltham residents 60 years or over. This 20-hour, online course, will be taught over a 7-week period, February – March, 2021.

The civic academy will offer guest speakers, including experts from city, state and local government, healthy aging, civic engagement and services for seniors. There will be time to interact with the speakers and with other participants, to learn useful information and to gain insights about policy and advocacy.

When: The WSCA starts Tuesday, February 2, 2021 and ends Tuesday, March 16, 2021. Classes will meet Tuesdays from 9:30AM-12:30PM.

Where: The WSCA is an online course which will require participants to have internet access (WI-FI) and an electronic device such as a tablet or laptop computer. If you want to participate but do not have WI-FI access at home and/or a computer, and you are income eligible, Waltham Connections for Healthy Aging is able to help you to participate in training in January through its new, Tech-Goes-Home (TGH) partnership.

How to apply: If you are interested in becoming a WSCA participant and/or wonder if you qualify for help with technology please contact:

The Waltham Council on Aging/Senior Center

(781) 314-3499 and leave a message. You will get a call back from **Laura San Juan** who will help with next steps.
