

You don't get to be a FAMOUS cat by just sitting around looking HANDSOME (although some say that is all I really have to do to be famous). To become FAMOUS, you have to DO something! Well, here is what has made ME famous: It all started with me telling stories on my FACEBOOK page about all the stuff happening on Pier Road, but THEN, four years ago, I got the idea of having a holiday pet food drive for felines and canines in need who live on Jekyll Island and in Glynn County. I call it – **PAWS TO THE RESCUE!**

PAWS TO THE RESCUE has been a HUGE success. Understand, while I'm the SMART CAT behind the project, it wouldn't be a success without the many people who cared enough to donate pet food and money! Well, just this year alone, 845 pounds of dry food, 490 cans of wet food, and \$3,203 were donated. A whole bunch of kittens and cats went to the vet to get fixed (major

ouch!) and shots (minor ouch), and the best part – they got FURREVER HOMES! People like helping out so much that some of the shops on Pier Road have donation jars all year long to help more cats and dogs get real homes and have good food! It makes me all warm inside to be a PHILANTHROCAT!

Next time you are on Jekyll Island, stop by Pier Road to meet me. I usually hang out by duBignon Cottage. It's a great place to catch all the action!

I'm hugging you with my eyes!

ANNOUNCING!
