PJ Mezera,
Merryman-Farr, LLC

Benjamin Hopper,
F.L. Crane & Sons, Inc.

Reynolds Baldwin,
Copperhead, Inc.

Steve Kirby,
Empower Electric

Attention: Subcontractors in Tennessee

The American Subcontractors Association (**ASA**) has become a powerful voice for fair construction practices in Tennessee. Our TN Chapter is growing stronger each year and making great strides fighting for your rights as a Subcontractor in today's fast pace construction industry.

Presently, our Tennessee Chapter of the American Subcontractors Association (**ASA**) has legislation pending for the upcoming 2020 Session of our TN General Assembly. Negotiations are underway to remove "**Paid if Paid**" language in contracts and create a "**Right to Stop Work for Nonpayment**".

No other association is working specifically for you to make sure TN state law protects Subcontractors rights to fair contract language and timely payments for work performed.

If getting paid for work performed is important to you and your company, you need to **join us in our efforts**, working with state legislators, to ensure Tennessee law reinforces timely payments throughout the construction industry. For less than \$100 a month, you can become a part of our growing association of companies and business leaders across Tennessee.

To learn more about ASA of Tennessee and the many benefits of ASA membership, visit our [website](#).

Should you have any questions regarding our TN Chapter of ASA or pending legislation, please feel free to contact me directly.
