

# CIN Rates and Value-Based Contracts Quick Guide

Mount Sinai Health Partners contracts with payers to better align payment models with our collective efforts to improve the value of care delivered by our clinically integrated network (CIN).

## Attention Nassau and Suffolk Providers

Please note that MSHP CIN may not participate with all products offered by a health plan. Your participation with products not contracted by MSHP CIN may be terminated by the health plans when you join the MSHP CIN.

For example, MSHP CIN does not contract with the below products. If you are participating with these products under separate agreements with the health plans, it is likely that you will be removed from these lines of business upon joining the MSHP CIN.

- EmblemHealth's HIP Medicaid or GHI products
- Empire BlueCross BlueShield's Medicaid products
- UnitedHealthCare's Medicare or Medicaid products

**Note:** All of the above is subject to change.
