

“Tending to the Harvest”

Discipleship Weekend

Growing Together Symposium Sat., Nov. 13 from 9–11am via Zoom

Presenter: Rev. Kyungsu Park

The focus of his presentation is that you can't have discipleship without relationship. In that sense, our leaders have to "grow together" with their youth if they hope to help make disciples of Jesus Christ.

Attendees are encouraged to remain after the morning presentation to participate in breakout sessions, "Let's Talk About IDS: Intentional Discipleship Systems" on discipling youth and other members of your church.
