

A Holiday Gift of Reading!

Mitch Albom's new **S.A.Y. Detroit Play Center** is building a lending library and has asked for donations of new or gently-used books for ages K-12.

We would like to put out a challenge to our members. Rather than books we would like to collect \$1000 to purchase teen books for the new library. We will ask the Novi youth librarians to recommend books for us to purchase that are urban focused and of interest to the teen readers of this library.

The Friends Board approved a donation of \$500, but we need you to help us get to our \$1000 goal.

Here's how it will work.

For the month of December there will be donation envelopes/receipts on the desk in the Book Nook. Just take one and put in your cash or check made out to ***Friends of the Novi Library***. Then take your receipt from the envelope to record your donation. Take the envelope to the front Circulation Desk and ask that it be put into the canister on the counter behind the desk.
