

Pickerington Launches Elevate District

The name “Elevate” reflects a shared ambition to lift up Pickerington’s downtown places, businesses, and identity. We want a district that feels welcoming, connected, and full of momentum. It speaks to a vision for downtown that honors its roots while continuing to grow as a destination for residents, visitors, and local businesses alike.

The name also nods to the district’s distinctive architectural character, including porches, balconies, walkable streets, and historic homes thoughtfully reimagined into shops, restaurants, and gathering spaces. These elements create a sense of charm and authenticity that sets Downtown Pickerington apart while supporting a vibrant and evolving atmosphere.

The result is a downtown experience that feels both authentic and forward-looking. The Elevate District is a place where history, creativity, entrepreneurship, and local pride come together. Learn more at www.elevatepickerington.org.
