

# MISCELLANEOUS - JAN.2019

<b>Unconscious Disbelief/s</b>	Past experiences, either in this or previous lives may have left a hidden belief that beneficial change will always be thwarted.
<b>Conscious Disbeliefs</b>	A conscious version of the above. Both will neutralise all efforts to bring in beneficial change. A negative default setting.
<b>Designer Virus/es</b>	A virus made in a laboratory and deliberately released. Not a new phenomena.
<b>Designer Virus/es + Hidden Hologram</b>	A new and more sophisticated version of the above. May be programmed to manifest at a subliminal level, causing slow deterioration of targeted areas, such as organs/body systems. The hidden hologram will reinstate the virus after it has been removed/neutralised so that both must be eradicated at the same time.
<b>Aplastic Anaemia</b>	Damaged bone marrow via radiotherapy/chemotherapy, toxic chemicals, medicines especially antibiotics and rheumatoid arthritis medicines, autoimmune disorders, viral infections and pregnancy. A physical condition which might also be affected by spiritual radiation or toxins that are released internally as part of the cleansing of the body at increasing Light levels.
<b>Elevated Iron Levels</b>	A completely physical condition linked to cancer, heart disease, neuro-degenerative diseases, gouty arthritis, hepatitis C, liver disease, diabetes. Found in the cerebrospinal spinal fluid and in the brains of those with Alzheimer's disease. More likely in non-GB countries where food is supplemented with iron and where many people also take supplements containing iron.
