

Dear students and guardians,

Our school is a proud participant of the city-wide Grow it! School Plant Program. This means that this spring, **students will come home with a FREE PLANT!**

You can care for this plant and help it grow, then bring it back in the fall to participate in our very own School Plant Show. You'll be able to show off your gardening skills and see what your classmates have grown as well!

If you like, **you can also try growing plants from seeds** to bring to our school's plant show. Attached is a list of seed packets your family can choose to purchase, care for over the spring and summer, then bring back what you grew for the plant show in the fall. You can share this order form with family and friends, as **the seed and t-shirt sales help to support the Grow it! School Plant Program.**

If you would like to purchase some seeds or a t-shirt, please fill out the attached order form and return with payment to your teacher by: March 3, 2026

How to Participate in the Grow it! School Plant Program:

1

This step is optional!

Use this form to purchase seed packets for \$2/each & Grow it! t-shirts for \$15/each

2

Your FREE Plant and any seeds you purchased will be sent home with you this spring.

No need to order anything to receive your free plant!

3

Take good care of your plant all spring & summer.

Work with your family to grow any seeds you purchased.

4

Bring the plants you grew back to school in the fall for our Plant Show!
