

## End-of-year School Supplies Drive

**May 21st-May 26th**

HASA is collecting any used and unwanted end-of-year school supplies. Teachers will donate items normally sent home (crayons, markers, erasers, high lighters, colored pencils, glue) from their classroom **unless you specify** that would like these supplies to come home. Scissors, calculators and other “hard goods” are not included in this drive (unless specified by a parent).

Thanks in advance to all those who participate!

If you use these items and would like them sent home, please specify and return to the office.

We will use our supplies at home:
