

The 5 Principles of Unity Wonderfully Reflected in the Poetry of Hafez

The snowdrops of February give us hope. They remind us that Spring is near. Poetry can be like that, offer us a fresh perspective!

Join us on Zoom from January 28th to February 25th – five consecutive Wednesdays – for a fresh perspective on the poetry of Hafez, a Sufi mystic and poet from the 14th century, and how it wonderfully reflects on the Five Principles of Unity.

In this online workshop, which will run over 5 consecutive weeks, we will look at the poems of Hafez, how we can interpret them and what they may add to our understanding and application of Unity's Five Principles.

There is no fee for these sessions but 'Love Offerings' will be accepted.

The sessions will begin at 7PM on Wednesday, January 28th and run through to Wednesday, February 25th.
