

Data & Donuts

All meetings are held via Zoom. Register with the individual links below. After registering, you will receive a confirmation email containing information about how to join the session.

All meetings will be held from 3:00-4:30pm

**MAR 25
2026**

TOPIC: Reducing Climate-Driven Displacement Through Student-Informed Planning

Climate-related events are increasingly disrupting housing stability, school continuity, and student well-being—creating displacement risks that extend beyond economic causes alone. This *Data & Donuts* session shares early PLUS research and statewide survey findings on how districts are strengthening preparedness by engaging students as partners in climate resilience, wellness, and recovery planning while centering families experiencing homelessness.

**APR 16
2026**

TOPIC: Designing Transportation Systems That Work for Highly Mobile Youth

Transportation is a critical yet under-resourced support for students experiencing homelessness and housing instability. This *Data & Donuts* session shares early PLUS research and state and national best practices for free and reduced transportation that improve school access, attendance, and stability for highly mobile youth. The session highlights policy-aligned, district-ready strategies and coordination approaches relevant to California districts/charters and HETAC priorities.

**MAY 14
2026**

TOPIC: Deepening Youth Civic Engagement Through CTE, Community Schools, and the State Seal of Civic Engagement

As LEAs advance equity, belonging, and meaningful student engagement, the State Seal of Civic Engagement (SSCE) offers a practical pathway to connect civic learning with real-world impact—especially for students experiencing instability. This *Data & Donuts* session shares PLUS action research and practitioner insights from West Contra Costa Unified School District, highlighting Y-PLAN partnerships, applied civic projects, and aligned CTE, Community Schools, and SSCE strategies that elevate applied learning, lived experience, and community impact.
