

*You are at the Heart of all we do*

## **NOTICE OF RIBBON CUTTING AND OPEN HOUSE CANCELLATION**

**Keeping our community safe and healthy is our priority.**

That's why given the unprecedented nature of the COVID-19 outbreak, we've decided to cancel the ribbon cutting and open house celebrating our new outpatient medical campus in Spring Mills, WV originally scheduled for Thursday, April 2, 2020 at 11AM.

We're very proud of this new building and of the staff that have worked tirelessly to construct, and open, the largest outpatient campus project in Valley Health's history. Once social distancing practices are no longer being observed, we'd be happy to take you on a tour, show you our new space and introduce you to our amazing caregivers.

Our first day of operations at Valley Health | Spring Mills remains April 6, 2020 at which time we will be open to the public with Valley Health Urgent Care, Panhandle Cardiology & Vascular Medicine, world-class specialists, women's imaging and lab services.

We thank all of the community members who have supported Valley Health in making this community resource come to fruition and we urge everyone to practice safe habits as recommended by the CDC during this time.
