

AFTERSCHOOL ACTIVITIES PERMISSIONS

Every child that attends the YMCA program is also in the care of a program regulated by the Texas Department of Health and Human Services. As a participant in our program, you are enrolling in a program that operates during designated hours Monday through Friday. All children participating in other non-YMCA related afterschool activities must have a permission form on file so that YMCA staff are always aware where children are and when they will arrive to our program.

In giving your child permission to attend another afterschool activity, you are also releasing the YMCA from responsibility for any incident or accident that occurs while your child is not in our care or in traveling to our program from another program. Our staff will not let a child leave our program if written permission does not exist. Once signed into a YMCA Afterschool program only a person on the sign in and out sheet may check the child out of the program.

Thank you for your assistance in keeping your child safe!
