

March Reflections

FROM AHCA:

Provider Magazine had a wonderful article on the benefits of music therapy in dementia care.

https://www.providermagazine.com/Articles/Pages/Advancing-Music-Therapy-Approaches-in-Dementia-Care.aspx?utm_source=MagnetMail&utm_medium=email&utm_term=lindaf670%40gmail%2Ecom&utm_content=2%2E25%2E25%20proof&utm_campaign=Provider%3A%20Advancing%20Music%20Therapy%20Approaches%20in%20Dementia%20Care. This is certainly not a new concept. An excerpt from the article says, "Music therapy is a clinical and evidence-based practice that uses music to accomplish individualized goals and objectives," explains Tara Jenkins, MT-BC, a board-certified music therapist and founder of [Harmony in Dementia](#). "Our work supports clients' social, emotional, cognitive, physical, communication, musical, and spiritual needs. Essentially, we use different aspects of music to achieve individualized goals both in and outside sessions." It's worth the time for you to take a moment to review this article. It can make a difference in the care you provide to your precious elders with dementia...and it's good for the staff too.

FROM AHCA:

Medicare Telehealth Flexibilities Set To Expire March 31

News Media is reporting the expansion of Medicare telehealth coverage during the COVID-19 pandemic is set to expire on March 31. Congress is currently debating the future of these flexibilities, with some lawmakers advocating for permanent protections. If Congress fails to act, "the previous rules will largely be restored, which means most telehealth appointments will be covered only if they're provided in person at rural medical facilities."

[McKnight's Senior Living](#) (2/28, Bonvissuto) reports AHCA/NCAL is "among 350 provider and consumer advocacy organizations asking leaders in Congress to continue or restore telehealth access flexibilities."

FROM AHCA:

Senators Reintroduce Bill To Overturn Federal Staffing Mandate

[McKnight's Long-Term Care News](#) (2/28, Marselas) reports "Sens. Deb Fischer (R-NE) and James Lankford (R-OK) have reintroduced a bill to overturn the federal nursing home staffing mandate." On Wednesday, "Fischer reintroduced the Protecting Rural Seniors' Access to Care Act...and companion legislation was introduced in the House by Rep. Michelle Fischbach (R-MN) last week." In a statement regarding the mandate, AHCA President and CEO Clif Porter "said the rule would force further closures and 'displace tens of thousands of nursing home residents in communities across the country,'" adding, "we look forward to working with members of Congress on more productive solutions to grow our workforce."

FROM AHCA:

Note that the Revisions to Regulations have been delayed...again with implementation set to be enforced beginning 4-28-25. The good news is that the delay gives all facilities more time to get ready for the many changes...the bad news it gives surveyors more time to study the guidance and get ready for implementation. Perhaps with more Federal agencies becoming fully staff with newly appointed leadership, more changes will be made.
