Subject: 855 Revalidation Deadline Suspension - Official Notice

Good morning – We wanted to bring to your attention that CMS has issued official guidance related to the indefinite suspension of the off-cycle 855 revalidation deadline. That notification can be found here: [SNF Attachment Public Subreg Guidance 120925](#)

Contained in these revised instructions is the following: THE JANUARY 1, 2026, SNF APPLICATION SUBMISSION DUE DATE HAS BEEN INDEFINITELY SUSPENDED. FOR THE TIME BEING, THERE IS NO SUBMISSION DEADLINE. CMS WILL PROVIDE ADDITIONAL INFORMATION IN FUTURE UPDATES TO THIS GUIDANCE.

As we noted in prior correspondence on this issue, SNF providers that have **previously submitted** their provider enrollment Form CMS-855A information via PECOS or paper submission and received a request for more information to be submitted by a certain date should still submit that requested information by the specified due date. Contact the Medicare Administrative Contractor (MAC) provider enrollment helpdesk for further guidance if there are systems-related problems that may impact meeting the stated response deadline.

It is important to remember that the underlying SNF provider enrollment reporting policies have not changed. Every effort should be taken to assure the needed data elements regarding ownership and operational and managerial control disclosable entities and individuals are available to submit once further CMS guidance is issued.

AHCA will continue our advocacy efforts to seek more rational regulations and streamline reporting requirements, including related to the SNF provider enrollment policies.

Please contact the [AHCA SNF provider enrollment revalidation helpdesk](#) with any questions.
