Subject: Healthcare Coalition Partners of KS Earns United States Public Health Services Award

Good afternoon,

Healthcare Coalition Partners of Kansas LLC (HCCP of KS), founded in 2019 by Danielle Marten and Tami Wood, is a woman owned and operated business. Danielle and Tami's mission and vision is to serve the healthcare community to prepare, plan, mitigate and respond to health emergencies and be the best healthcare partner for emergency preparedness, not only in Kansas, but across the nation.

It's with great pride that Danielle and Tami announce their company has been awarded the United States Public Health Service (USPHS) Unit Commendation Award in recognition of outstanding support to the National Healthcare Coalition Annual Conference and to the Offices of Healthcare Readiness and Regional Operations, Administration for Strategic Preparedness and Response, in service to the U.S. Department of Health and Human Services. The USPHS Unit Commendation Award is rarely awarded to civilians.

Over the past five years, HCCP of KS founders and team members have supported the National Healthcare Coalition Conference by sharing and presenting best practices for healthcare community preparedness. The NHCCPC brings healthcare sector leaders together from across the Country and is considered one of the largest events in the Country for first responders and emergency preparedness professionals. The following HCCP of KS team members share in this award:

Danielle Marten

Tami Wood

Jonathon Blackburn

Andrew Conyers

Kory Owen

Mindi Bremer

To contact HCCP of KS, please e-mail: coalitionpartners@hccpkansas.com.
