Subject: SAVE THE DATE: Settings Final Rule Remediation- Virtual Training

COMMUNITY CONNECTIONS

Virtual Remediation Training

The Community Connections Team is hosting virtual remediation trainings to bring providers information on the next steps for HCBS Settings Final Rule in Kansas. This training will cover guidance on remediation processes, best practices, resources and allow time for questions and comments from providers.

Registration is required to attend one of the virtual trainings. Please visit the Community Connections website at <https://communityconnectionssks.org/> for registration and additional information.

TRAINING DATES:

Tuesday, May 12
10 a.m. – 12 p.m.

Thursday, May 14
2 p.m. – 4 p.m.

Tuesday, May 19
10 a.m. – 12 p.m.

Thursday, May 21

2 p.m. – 4 p.m.

Providers should plan to attend remediation training even if they have not received a self-assessment determination notice from KDADS, because data is showing that most providers in Kansas will need to remediate. The need for setting remediation has been prominent across the nation in other states as well. Also, by attending training, it is an opportunity for providers to prepare for new settings, ongoing monitoring and licensing requirements by KDADS for the final rule.

Trainings will be hosted on Zoom. If you would like to learn about using Zoom before the trainings, please click here: [Zoom resource center](#).

We look forward to "seeing and or hearing" you there!
