Senior Care Pharmacy Rebrands as Guardian Pharmacy of Wichita

Senior Care Pharmacy has rebranded as Guardian Pharmacy of Wichita, marking a new chapter in its commitment to serving long-term care (LTC) communities across Kansas. The strategic name change reflects the pharmacy's partnership with Guardian Pharmacy Services, one of the nation's leading LTC pharmacy services companies.

The Wichita-based pharmacy, now under the local leadership of Michael Counts, PharmD, president of Guardian's Kansas City pharmacy, will maintain its strong local presence and personal approach to supporting communities and residents, while leveraging Guardian's extensive resources to provide enhanced service and care. Guardian's commitment to investing in people and creating team-oriented, collaborative environments will remain a cornerstone of the pharmacy's growth and success under the Guardian name.

Guardian Pharmacy of Wichita, together with Guardian's Kansas City location, serves residents in assisted living, skilled nursing and behavioral health communities, as well as individuals with intellectual and developmental disabilities throughout the state.

For more information, contact Guardian Pharmacy of Wichita President Michael Counts at michael.counts@guardianpharmacy.com or 417-244-6844.
