Suffix:	<input type="text"/>	Race:	<input type="text"/>
Education Level:	<input type="text"/>	Gender:	<input type="text"/>
Occupation:	<input type="text" value="Prior to Retired or Disabled"/>		

Returning? Begin where you left off.

If you have already completed part of the survey, you may continue where you left off. All you need is the return code given to you previously. Click the link below to begin entering your return code and continue the survey.

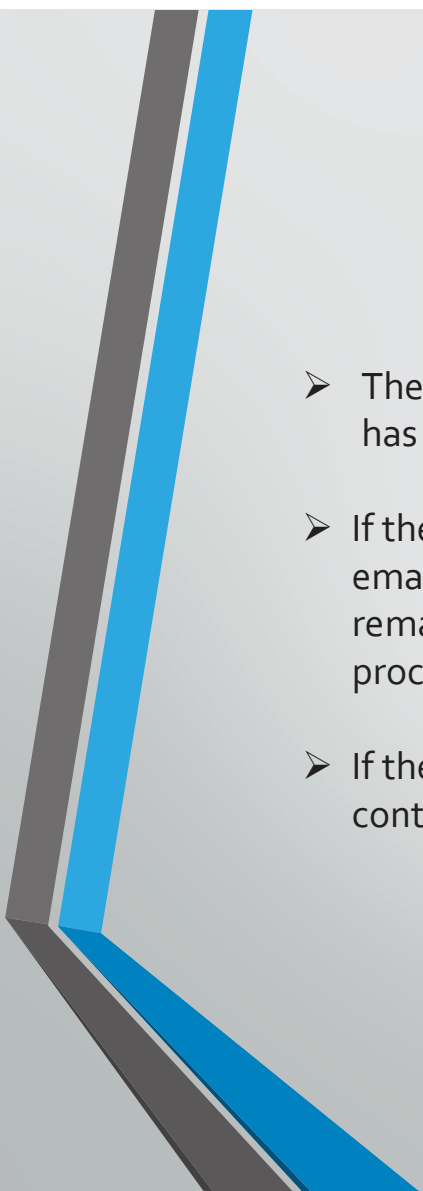

[Continue the survey](#)

Level One Nursing Facility Pre-Admission Screening for Mental Illness, Intellectual Disability, or Related Condition

To continue the survey, please enter the RETURN CODE that was auto-generated for you when you left the survey. Please note that the return code is "not" case sensitive.

[Submit your Return Code](#)

- The physician opens the Application link and clicks on "Returning?". A box will appear and the physician will click on "Continue the survey".
- The physician logs back into the application (using the Return Code).
- When the physician has completed Section G, the physician scrolls to the bottom of the application and clicks "Save and Return Later". The physician can enter the submitter's email address and an email is returned indicating the application has been signed.

- 
- The submitter can also log back into the application (using the Return Code) to verify the Physician has signed/completed the application. This is the same process as the previous slide.
 - If the submitter is a hospital and the application **did not trigger** a Level 2 screening, the hospital can email the Return Code and Application link to the SNF for review. The SNF would complete the remainder of the application (Nursing Facility Level of Care Assessment) and submit to COMRU for processing.
 - If the submitter is a hospital and the application **triggers** a Level 2 screening, the hospital would continue to complete the rest of the application for submission.
