

April Reflections

FROM AHCA:

Skilled nursing facility (SNF) providers enrolled as Medicare or Medicare/Medicaid must [submit](#) a mandatory off-cycle provider enrollment revalidation by May 1, 2025. The Centers for Medicare and Medicaid Services (CMS) issued this mandatory process last September. While there have been multiple updates since the release, including extending the initial deadline, it is important for SNF providers to ensure completion of the revalidation process by May 1 or risk having enrollment suspended or revoked.

AHCA will host a member-only SNF Provider Revalidation “Office Hours” webinar on **Friday, March 28, from 2 – 3 PM** Eastern to provide an update and answer member questions. [Advanced registration](#) is required.

AHCA also offers a variety of SNF provider enrollment resources available on our [Reimbursement website](#), including contact information, past webinars, feedback from CMS, and more.

CMS Resources

Additionally, providers can find detailed sub-regulatory guidance information on the new organizations and individual parties required to be reported on the [CMS website](#)

CMS also offers a step-by-step [screenshot](#) of instructions on completing an application via the Medicare Provider Enrollment, Chain, and Ownership System (PECOS).

If you need support with PECOS after March 31, 2025, please contact the External User Services ([EUS](#)) Help Desk via [email](#) or call (866) 484-8049. Hours of operation are Monday through Friday, 7 AM – 7 PM Eastern.

The Ultimate Resource and Boot Camp Covering MDS Essentials for Nurses, Administrators, Social Workers, and the Entire MDS Team to Improve Accuracy and Efficiency!

Use this program for:

MDS Nurse Training Performance Improvement

Continuing Education MDS Team Orientation

What You Will Learn:

- The role of the Resident Assessment Instrument in nursing facilities,
- The process for completing the MDS, and

- How to complete an MDS assessment.

This dynamic program keeps staff current with periodic updates incorporating annual and intermittent changes to the RAI Manual!

Download a copy of the [course syllabus](#) to review what is offered.

The MDS Program Guidebook

The *Learning the Minimum Data Set: Basic Training for the Interdisciplinary Team Program Guidebook* is a comprehensive resource designed to accompany this MDS training. Purchasing the optional guidebook saves time and reduces costs related to printing 500+ pages and organizing the materials. The Guidebook provides valuable insights to better understand, document, and apply key concepts for a more efficient and effective resident assessment process. The guidebook is available for separate purchase at www.mdsguidebook.com for \$75.

The 500+ page Learning the Minimum Data Set Program Guidebook is the perfect companion, enabling team members to take notes and actively engage throughout the training.

FROM LTC INFECTION CONTROL FORUM

Sharing this free webinar if you are interested. Please note- this is not an AHCA product but we are sharing because it is a topic that comes up often on the forum.

The Basics of Enhanced Barrier Precautions

Long-term care (LTC) staff provide high-contact resident care and therefore are frequently exposed to multidrug-resistant organisms (MDROs). During this 60-minute webinar, Joan Hebden, MS, RN, CIC, FAPIC, FSHEA, president of IPC Consulting Group, and Deb Patterson Burdsall, PhD, RN-BC, CIC, LTC-CIP, FAPIC, a leading infection preventionist with the Hektoen Institute of Medicine and Illinois Department of Public Health (IDPH) Grantee, will discuss Enhanced Barrier Precautions (EBPs), which are an infection control intervention implemented to reduce the transmission of MDROs, specifically for LTC residents with wounds requiring dressings or indwelling medical devices (i.e. residents at increased risk of MDRO acquisition) and/or residents with an epidemiologically important MDRO.

The speakers will cover the scientific background for mandated adoption of EBPs, key terms, high-contact care activities that dictate the use of EBPs, how to distinguish EBPs from Standard and Contact Precautions, common challenges when implementing EBPs, and how to determine when EBPs are appropriate using case scenarios.

Email your questions now to webinarquestions@AAPACN.org to be answered during the Q&A
