

FREE SUMMER COURSE

EARN COLLEGE CREDIT

MAPPING JUSTICE 2025

STEM and Environmental Action
Virtual Summer Course

*** Open to High Schoolers in a Gulf Coast state ***

Gulf Coast states: Florida, Texas, Louisiana, Alabama, or Mississippi

- Learn about Environmental Action and how you can make a difference in your community
- Gain career-ready skills: analyze geospatial data, research issues in your neighborhood, and create interactive digital maps and dashboards
- Discover how extreme weather—like hurricanes and heatwaves—affects your community and how you can help!
- Create and present a final group project
- Earn college credit for free!
- Make friends and find mentors across the region!
