**Project Produce** at the Princeton Elks located in Skillman, New Jersey serving the community for over 70 years is a 100% donation based project providing fresh produce and fruit to residents with food insecurities at no cost to them during the Covid-19 pandemic.

Our Project Produce allows us to provide not only the shelf stable items but more importantly **fresh produce, fresh fruit, milk, bread** and **eggs** which are important ingredients to feed the brain, not just the body.

The foods most commonly donated to Food Pantries are pasta, rice, beans, soups, cereals, peanut butter, and jelly. What about other items to take care of the body such as **feminine hygiene products, first aid items, soaps, shampoo, razors, deodorants, toilet paper, laundry detergent, trash bags**, and so much more? This is where the Elk Pantry has stepped up the game and provides these items also.

## HOW CAN YOU HELP?

- Purchase items from our list
- Donate financially to Princeton Elks Charitable Trust, Inc.

We are a registered 501c3 non-profit organization and your donations are tax-deductible, please help up help others.
