

THE INFORMED DEMOCRAT OF SWFL

Volunteer(s) of the Month

Brenda and Lance Trottier

July 1, 2025

If you have attended any Lee Dem event, you probably met Brenda and Lance. You may see them at protests wearing their custom-designed t-shirts, assisting with voter registration at Stop the Violence Fair, Blue Shirts Gatherings, the LGBTQ caucus, Cape Coral Democratic Club, and most recently, presenting a lesson on how to start and post on TikTok at our Leadership Training.

Brenda stepped up to coordinate the finance and events committee and also serves as a precinct leader, but everyone knows that Lance is her unofficial assistant in everything. They are rising to be the newest power couple in the Democratic Party of Lee County.

Here's what Lance has to say about their volunteer work: "Neither Brenda nor I were ever interested in Politics. Then, along came Donald Trump. He was elected (to our horror) for his first term which was a disaster.

"The Insurrection of J6 happened while he claimed the 2020 election was stolen, rigged. He sat back and allowed the Insurrection to unfold, and he did nothing.

"When he began campaigning for the 2024 election amid all the impending litigation against him, and he began spouting his hate-filled rhetoric and his theatrics unbecoming anyone with any dignity, especially a president, we knew we couldn't just sit back and complain but do nothing. And, here we are.

"We are in the fight for Democracy, for the civil rights and civil freedoms of ALL PEOPLE, all inclusive, no exceptions (including those who support Trump because they are just as at risk as everyone else)."
