

**Formal Pose:** This is the classic style of class photo where the students are facing forward and smiling.

**Spirit Pose:** This is our version of a "silly photo" where the students can get creative.

**Level Two:** The Level Two is the formal class photo but with added graphic design elements to make it stand out. It is printed on high gloss metallic paper which cannot be laminated. *(Example shown in image to the right)*

**Lamination:** Lamination is a great way to make your prints last a lifetime! Lamination protects your prints from tearing, moisture, and UV rays. (Applies to Standard Finish Photo Only. Box Mounted prints cannot be laminated)

**Box Mount:** Ready to hang! Looks modern and professional! Add box mounting to your print to get the most out of your class photo! The box mount is black in color and 1 inch thick. (Box Mounting is not available to be added onto the Empire Special)
