Join us during winter break for learning and fun!

Hartford High School TEE (Technology and Engineering Education) Department is looking for energetic students to learn more about what our TEE department has to offer in a hands-on workshop! The winter camp would be a showcase of the TEE offerings and exploration of potential career opportunities.

Student will have hands on experiences in:

- Engineering -Metals
- Graphics -Woods
- Areas are subject to change if needs be.

Projects will be made by the campers and will be available to take home at the end of the camp.

"It is fun and you get to make a bunch of cool stuff that you get to bring home." – Central 8th Grader
