HUHS BOOSTER CLUB PURPOSE:

Interscholastic athletics are an important part of our children's educational experiences. Studies show that athletes maintain a higher academic average and are substantially less likely to become involved in school and community problems. Athletic and academic successes go hand in hand.

This organization serves to encourage, promote, service, and support all athletic programs and related activities at Hartford Union High School. A strong Athletic Booster Club will help to continue the outstanding sports programs that have become Hartford tradition. Support of the efforts of the Booster Club would be appreciated. Membership is open to any adult or business agreeing to support the purpose of the organization.

HUHS BOOSTER CLUB GOAL:

Due to severe budget constraints faced by our HUHS administration, staff, and students, (including athletes) we reach out to parents, alumni, and businesses to help us help our student athletes stay involved in activities that may otherwise be restricted by a lack of financial support. These additional funds allow students to benefit from the athletic programs.

The HUHS Athletic Booster Club is a non-profit, parent-run, volunteer organization. We encourage, support, and promote all HUHS athletic programs by bridging the gap between the available school sport budget and the money needed for our sports teams. We donate 100% of the money raised back into our athletic programs!
