Hartford High School TEE (Technology and Engineering Education) Department is looking for energetic students to learn more about what our TEE Department has to offer in a hands-on workshop! The Winter Camp would be a showcase of the TEE offerings and exploration of potential career opportunities.

Student will have hands on experiences in

- Engineering -Metals
- Graphics -Woods
- Areas are subject to change if need be.

Projects will be made by the campers and will be available to take home at the end of the camp.

"You should come to this camp because you make cool stuff like burn wood and you burn metal." – Central 8th Grader
