MAP
NOTE THE NEW LOCATION

Guest Speaker

Meredith Alarcio-Caldon,

Project Engineer,

Granite Construction

I attended Canyon Del Oro high school and was in the Architecture program all four years (with Jim Luckow as my instructor), graduating in 2014. I then studied Construction Management at Northern Arizona University, graduating in May 2018. I started with Granite Construction the following June as a Project Engineer – I worked on several paving jobs throughout Tucson for both Pima County and the City of Tucson, a couple of other JOCs for Pima County including the rehabilitation of and bridge construction at Agua Caliente Park and have been working on the City of Tucson's Downtown Links project since September of 2020.

Hear how JTED helped Meredith find a career and what her experience has been as a young woman in construction. Learn how seasoned construction women can support the next generation of women construction leaders.

PLUS

The CADD Competition winners will be presented with their awards.

PLUS

We will present two women with scholarships to put towards their construction education.

Bring Your Colleagues.
We Will Showcase Our Great Group of Women Construction Professionals!

$40 Per NAWIC Member
$50 Per Non-Member
$35 Students

Menu: TBD -- Don't worry, it will be tasty!
Note in your RSVP if you require a gluten-free or vegetarian meal.

Please RSVP to Jamie Regan at jregan@rainforrent.com by April 8, 2022.
RSVPs received after that date cannot be guaranteed a meal.
Cancellations within 78 hours of the event and No-Shows will be charged.

Thank You To Our Raffle Sponsor,
Leah Mein, Tofel Dent Construction

I started at Tofel Dent Construction in December 2020, as Sr. Contracts Administrator in preparation for Stephen B. Krauss' (who is Tofel Dent's, Director Contract Administration) anticipated retirement in a couple years. I live in Vail, Arizona, am married to my high school sweetheart and have three kids. I graduated from the University of Arizona and am a certified Paralegal. After working for various attorney's offices and deciding not to become a lawyer, I found myself working for a national specialty subcontractor doing Contracts, A/R and HR. I am excited to join NAWIC to network and give back to the community.

Tofel Dent Construction is a uniquely structured third-party general contractor specializing in commercial, hospitality, and multi-family housing construction in the Southwest. Formed in 1984, based in Tucson, AZ, and started by twin brothers—Steve and Rich Tofel—Tofel Dent Construction has completed a wide variety of projects throughout Arizona, New Mexico, and California. We believe in building lasting partnerships based on mutual integrity and trust.

TOFEL DENT CONSTRUCTION

Tofel Dent Construction builds realities from visions in multi-family communities, affordable housing communities, hotels, restaurants, retail, and office segments of the market.
