HVAC Technician Apprenticeship

From home certification to ventilation solution, packaged systems to smart home designs, we have A to Z knowledge of the HVAC industry. We are specialists in heating, ventilation and air-conditioning services in Tucson and surrounding areas. All Arizona Heating and Cooling are frontrunners when it comes to providing replacement options or installing new custom-designed systems.

Upon successful completion of a 90 day probationary period, this position will be a 4 year/8,000 hour Registered Apprenticeship.

- Apprentice will be mentored by journey workers on-site.
- Apprentice must complete 144 hours of classroom instruction per year. (PCC HVAC Certificate)
- Tuition will be covered by All AZ Heating and Cooling (Conditions apply)
- The apprentice will receive a wage progression annually for the term of the apprenticeship if the minimum requirements are met.
- Upon completion, the apprentice will earn a PCC HVAC Certificate, National Occupational Credential and a journeyworker card for this occupation.

This registered apprenticeship opportunity is offered through the PCC Employer Engagement and Career Services office.
