Texas Campaign's 7th Annual Symposium

DoubleTree by Hilton Hotel Austin / Austin, Texas

Are you ready to be part of an exciting event? Don't miss your chance to join professionals from across Texas at our 7th annual Symposium where you will receive advanced training and technical support, have access to a network of experts with the latest information and best practices around teen pregnancy prevention and adolescent health, and connect with others from across the state and the United States to network, discuss mutual interests, concerns and experiences.

Keynote/Plenary Speakers Include

Allison Sampson-Jackson, PhD, LCSW, LICSW, CSOTP, Integration Solutions

A licensed clinical social worker and a certified sex offender practitioner, Dr. Allison Sampson-Jackson's clinical practice and research has focused on advancing effective trauma informed treatment practices for persons who experience significant conduct related behavior problems. Her areas of specialty include

attachment based models of treatment, sexual abusiveness in children and adolescents, neuropsychology, and the use of neuroscience to inform work with children and adults with complex trauma disorders. As CEO of Integration Solutions, Inc., Dr. Sampson-Jackson provides trauma informed care consultation, education, and technical assistance.

Karin Coyle, PhD, ETR

Serving as the Chief Science Officer at ETR, Dr. Karin Coyle specializes in the development and evaluation of health promotion programs, particularly HIV, other STD, and pregnancy prevention programs. She currently serves as the principal investigator on multiple randomized trials, including a middle school randomized trial

that is testing the efficacy of a curriculum and social norms program focusing on adolescent relationships and related sexual behaviors (*You-Me-Us*), and a replication study of an evidenced-based middle school program entitled *It's Your Game*. She also plays a lead role in several other evaluation projects.

Panel: Disparities in Reproductive Health Outcomes

In this plenary session, a panel of experts will discuss contraceptive access; reproductive coercion; teen pregnancy and births; health equity; and more. Panelists will include Rep. Shawn Thierry (D), District 146, Houston; Nancy Cardenas, National Latina Institute for Reproductive Health; Moss Hampton, MD, FACOG, Dept. of Obstetrics and Gynecology, Texas Tech Health Science Center; and Former Senator Wendy Davis (D), Deeds Not Words. The panel, which will be moderated by Cynthia Osborne, PhD, MPP, MA, Child and Family Research Partnership, University of Texas at Austin, will explore the sobering current reality, but also examine hopeful endeavors underway to improve reproductive outcomes for all women.

Lesley French, JD, Texas Health and Human Services Commission

As Associate Commissioner of the Health, Developmental, and Independence Services Department at the Texas Health and Human Services Commission, Lesley French manages 38 programs, which serve clients from birth to end of life. These programs serve as a safety net for providing critical health services to families in

need. Lesley has worked in state government for almost 20 years in all three branches of government. She was previously the Director of the Women's Health Services Division and the Office of Women's Health at the Department of State Health Services. Ms. French works closely with providers and stakeholders to improve the way healthcare services are delivered to clients.

Ashanti Branch, The Ever Forward Club

Ashanti Branch, born and raised by a single mother on welfare, took the road less traveled to get out of the ghetto and attended one of California's premier engineering colleges, California Polytechnic – San Luis Obispo. Mr. Branch studied civil engineering and worked as a construction project manager but after tutoring struggling students, he realized his true passion was teaching.

In 2004, he started the Ever Forward Club to provide support for African-American and Latino males who were not achieving their true potential. The Ever Forward Club now serves both men and women, and is proud to boast that 100 percent of its members graduate high school while 93 percent attend college.

RATES	REGULAR	LATE
	Feb. 15-Mar. 31	Apr. 1-15
Two-Day Registration	\$310	\$340
One-Day Registration	\$165	\$195
Student Registration	\$190	\$220
Workshop Fee per Day	\$100	\$100

Check out the Symposium schedule on the back
For information on continuing education hours offered to:
LPC, CPE, CHES, CHP, SW check out the CEU tab on the website.

This activity has been submitted to the Texas Nurses Association for approval to award contact hours. Texas Nurses Association – Approver is accredited with distinction as an approver with distinction, of continuing nursing education by the American Nurses

Credentialing Center's Commission on Accreditation.
