

Meet the team!

Kyle Lange

Account Manager

kyle.lange@corteva.com

Kyle joined the Corteva Agriscience family right out of college 19 years ago after a series of Pioneer internships. Ag was always a passion and he liked the industry. He's an account manager now, but held roles throughout the organization, from Pioneer sales support to business improvement to Multi-Channel Seed brand sales and distribution. "I've been engaged in all functions of our business," Kyle says, "so I understand what's inside the Corteva Agriscience engine and how it operates." He says it's great to be part of a big company with so many resources. "When we think about the future, it's exciting to know we have the backing of this major company to get us the things we need to get where we want to be. There's no limit to where we can go," he adds.

In his role, Kyle says he's an advocate for the licensees, and his past roles help him understand their perspective. He likes learning what's important to the licensees. "My favorite part of my job is being face to face with customers, hearing how they're growing and how they're doing," he says.
