

Meet the team!

Bob Wesolowski

Corteva Agriscience Traits Licensing Account Manager

robert.wesolowski@corteva.com

Bob Wesolowski has held a diverse set of roles in his nearly 30-year career with the Corteva Agriscience team, but today, he gets to work with licensee seed companies west of the Mississippi. Bob's favorite part of his job is the people. "Building relationships and getting to know them, their business and their family," he says, "you get to understand the 'why' around what they do."

Bob's own "why" came from growing up on his family's farm near Warren, Minnesota. Bob still farms today and says, "It's really rewarding to plant a crop, harvest it and help feed the world." In addition to managing his family's farm, Bob also enjoys NASCAR, fishing, hunting, traveling and spending time with his family, wife Gail and daughter Megan.

Bob likes that in his role, he gets to help customers figure things out. "I enjoy having multiple challenges every day," he says. Bob also appreciates working for a company that's fully devoted to agriculture. "We're not a pharmaceutical company that has an ag division. Our focus and resources go into ag and our R&D. We have a singular focus," Bob says.
