

Have questions about the Enlist® weed control system?

Enlist Field Specialists are here to help.

Enlist® Field Specialists are an important part of the Enlist™ Ahead management resource as they provide technical support and stewardship guidance for Enlist E3® soybeans and Enlist® herbicides, host informational webinars and assist with classroom and in-field training. Check out the map and contact information below to find your region's dedicated Enlist Field Specialist.

™ ® Trademarks of Corteva Agriscience and its affiliated companies. The transgenic soybean event in Enlist E3® soybeans is jointly developed and owned by Corteva Agriscience and M.S. Technologies L.L.C. Enlist Duo® and Enlist One® herbicides are not registered for sale or use in all states or counties. Contact your state pesticide regulatory agency to determine if a product is registered for sale or use in your area. Enlist Duo and Enlist One are the only 2,4-D products authorized for use with Enlist crops. Consult Enlist herbicide labels for weed species controlled. Always read and follow label directions.
