HEAR from top-tier practitioners on the critical impact that cultivating collective efficacy can have on your students, your classrooms and your schools.

DISCOVER how to translate groundbreaking research into practice to build capacity and significantly improve learner outcomes by aligning all levels within your school or system.

CONNECT with educators who have direct experience putting Visible Learning methods into practice and explore what you can do to make a difference in your classroom.

Keynote Speakers:

JOHN HATTIE

SUGATA MITRA

JENNI DONOHOO

JOHN ALMARODE

PETER DEWITT
