

VISIBLE LEADERSHIP

Affinity Group

Learn. Share. Collaborate. Grow.

Demographics of students and families are rapidly changing across our country. Simultaneously, infrastructure and financing of ESAs are often in flux. Diversity in clientele served, and in business and office operations, demands steadfast leadership that is nimble and responsive.

The time is now. Join the Visible Leadership Affinity Group and reap the benefits of collective AESA experience and intellect. Participants will be empowered as they, in turn, lead their teams in the design and delivery of innovative solutions.
