

## Joe Smolin

“My name is Joe Smolin, and my sponsor is my father Joe Smolin Sr. I recently graduated college from UC Davis and have aspirations for law school.

I am happy that I started my faith journey, as Catholicism has enriched my life. My faith has brought me peace and strength in knowing the love that God and Christ have for us all. RCIA has helped me understand the practices and structure of the church, but most importantly it has brought me closer to God. I look forward to being baptized since I know it is another step in bringing me closer to God.

I am excited to be a part of the CTK community and look forward to connecting with others.”
