

Dear Christ the King Church Parish,

My name is Avery Rohrer, I am in 7th grade at Christ the King School. Please join me in supporting a local non-profit organization, The Crayon Initiative. This organization takes old, broken, and used crayon donations and repurposes them. The donated crayons are turned into new crayons for children in hospitals to use and make art. Their mission is to “bring happiness to children who are facing the stress of hospitalization by giving them the freedom that comes with creative play.”

Christ the King Parish is going to help by donating our old, used crayons. Whether they're from the back of the closet, or your old art box, they can be repurposed to bring joy to children. For the month of March you can drop off your crayons in the donation box located outside of the Church.

If you have any questions please contact me at avery.rohrer11@gmail.com.

Thank you for your support!
